

Zachariah Weimer, MS, PE
Director of Accident Reconstruction
Senior Engineer

Direct: 720.734.1052
zweimer@vectorscientific.com

Mr. Weimer has been applying his engineering education to forensic science and the specialty of automobile accident reconstruction for almost two decades. Zach has reconstructed more than 1,000 motor vehicle crashes and has expertise in reconstructing various types of motor vehicle accidents including:

- Low Speed
- High Speed
- Rollover
- Motorcycle, ATV, UTV
- Bicycle
- Pedestrian

Zach is a certified Bosch Crash Data Retrieval (CDR) Technician, and Analyst and System Operator. Zach has published on Event Data Recorder (EDR) evidence and accident reconstruction methods and analyses.

Mr. Weimer is a Registered Professional Engineer (PE) and a Board-Certified Diplomate in Forensic Engineering with the National Academy of Forensic Engineers (NAFE). Zach has testified as an expert witness in accident reconstruction in more than two-dozen depositions and more than three-dozen trials in several state and federal courts.

- Master of Science (MS), Engineering Mechanical – Colorado School of Mines
- Bachelor of Science (BS), Engineering Mechanical – Colorado School of Mines
- Registered Professional Engineer (PE) in Colorado, Kansas, and Wyoming
